

Annual Report

2022-2023

Dear Friends,

Greetings from KARRTABYA, Kalahandi!!

Over three decades we have been endeavouring to bring changes in the life of communities of Kalahandi District. By saying changes in life, we do not mean complete transformation of life but we always give our noble efforts to uplift the needy people providing them knowledge, skills and hand holding support; so that they can become self-sustain. It gives us immense pleasure and confident to work more, when we compare today's life style of the community, people with the one when we started working with 32 years ago and witness changes in their lives. Our major focus is on the women, children and farmers who will enhance their knowledge and skills by getting adequate training, exposure and different platform of opportunity to participate, express and become confident. The organization ensured their standard of living through provision of different Government and Non-Govt. subsidies, schemes and services as the developmental pathways of the community.

We have accomplished number of programs this year like every year which are being reflected in our annual report 2022-2023. KARRTABYA is working in different areas like Education, Health & Nutrition, Livelihood, Child Development, Youth Empowerment and Climate Change. We have been providing opportunities in the form of different training programmes, capacity building processes, skill development programmes, workshop, camps, public meetings, exposure visits at village, block and district level which is setting up the base for knowledge enhancement, skill development, confidence building for their development.

This is my gratitude to the Communities, Governing Body Members, dedicated Staffs, Esteemed Supporting Agencies and Partners, Government departments, Universities and networks towards their trust, believes and whole hearted support.

Thanks and regards,

(Ashok Pattnaik)

About KARRTABYA

KARRTABYA is a registered voluntary Non-Government Organization. It was formed by a group of young people of Kalahandi in 1990. These youths were the members of village youth club; involved in various organizational and developmental activities of the village. They believed that social transformation could be brought through dedicated and committed work. Pursuing this, they worked to build up strength among the people of the locality and mobilized them to fight for social justice. This involvement gradually spread to other villages and became more comprehensive in nature. With the growth of understanding, their involvement became more matured and targeted towards various issues of the region. In due course of this involvement, KARRTABYA was formed. The organization is registered under SRA of XXI 1860 in 1992, under FCRA in 1998, 12A & 80G of IT Act.

Our Vision & Mission

Vision: A developed society with more Peace, justice & equity in favour of poorest of the poor / down trodden of the society irrespective of Caste, Creed, Sex and religion.

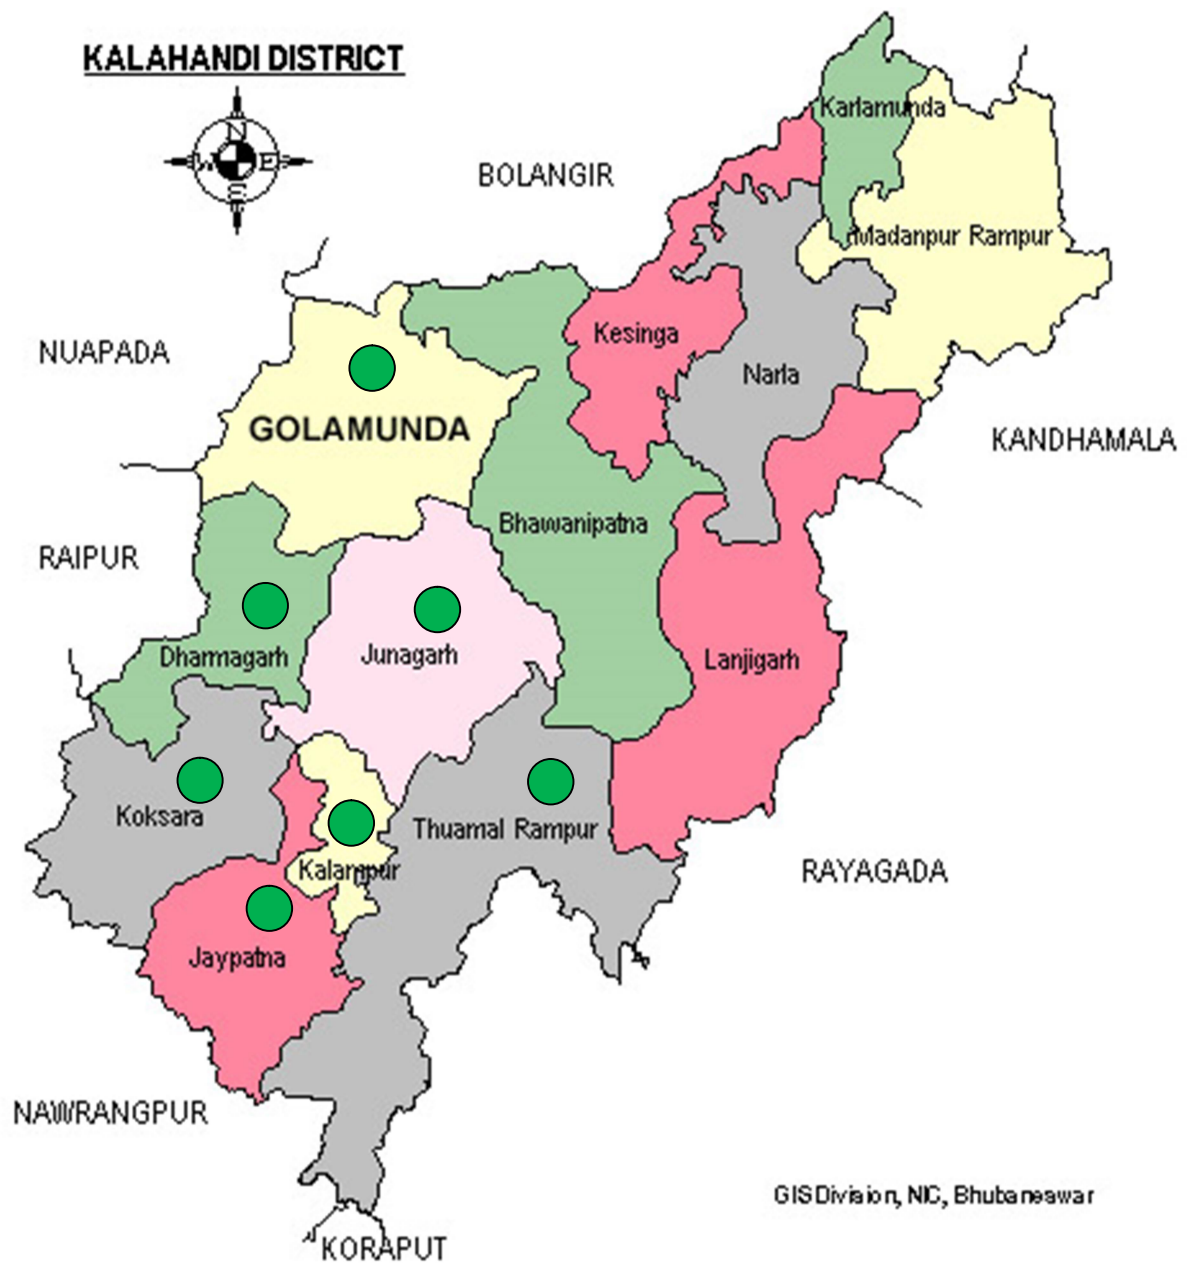

Mission: The mission is “Sustainable socio-economic development through building capacities of the poorest sections of the society with emphasis on their greater involvement and participation in the processes of socio-economical, Political and moral development.

Areas we work

The main focus area of KARRTABYA is

- Education.
- Health & Nutrition.

50 GRAM PANCHAYAT

201 VILLAGE

KARRTABYA & SDG

KARRTABYA is contributing to achieve the goals of SDG, at this point of time we are contributing to **8 Sustainable Development Goals** out of 17. By our numbers of programs and project we are contributing to SDG -1, 2, 3, 4, 5, 6, 8 & 13.

KARRTABYA taken an Integrated Community Mobilization Initiative for Improved Access and Demand for Health, Nutrition & Sanitation Services in Kalahandi

- KARRTABYA join hands with UNICEF for the better health and nutrition care of the children & community. We covered **128 villages** of Golamunda block under Kalahandi district of Odisha. Frontline workers of ICDS & Health department were being capacitated to deliver better services.
- **PRI members** sensitized to develop proper health monitoring mechanism at Gram Panchayat level, also the PRI members capacitated on Child marriage, Child Protection, Mother and Child health, Utilization of GKS Funds, Community events like VHSND, Immunization, Risk of open defecation etc.
- **3342 Adolescent** were capacitated to avail and take advantage of different Government schemes.
- **100 community volunteers** strengthened as an ambassador to tackle the health issues of the community. Create awareness among the community through youth volunteers about positive health behaviour. The volunteers supported to the FLWs in creating awareness on risk of child marriage, benefits toilet use, encouraged to participate in ADVIKA, Immunisation day and VHND.
- Thuamul Rampur block is one of the tribal dominated and most remote blocks of Kalahandi. Around 60% tribal lives in this block. Nutritional status among under 3 children is matter of concerned. As a pilot we started work in 5 villages (Tal Nehela, Upper Nehela, Bhataguda, Chachikanaand Bijapada) in an objective“to promote healthy growth & development of children from 6 months to 5 years” by providing milk and biscuit one time daily and providing an early learning experiences. Along with this the team of KARRTABYA aware the community on different food groups and balance diet and provided 50kg rice to each family to meet the nutritional need of the child under RAHAT support. Also supported solar light to the family as per requirement. So far we have covered **143 U5** children in these pilot initiatives by the support of Jiv Daya Foundation.
- 37 programs organised covering 1150 participants to create awareness on nutrition supplement on the approach of diversification of food basket at household level. 32 training on Reliance Nutrition garden (RNG) model organised, 261 households& in 7 public places RNG promoted, POSHAN MAHA celebrated in Junagarh, Dharamgarh & Golamunda blocks and focused on balance diet and importance of food diversity.

Kalyani Behera of a small village of Kalahandi said due to KARRTABYA I aware on pregnancy care, lactating care& gave birth a healthy baby. I am so happy along with my family for this. Thanks to KARRTABYA for brining positive change in the lives of many women like me.

EDUCATION

KARRTABYA reached around 5000 children and youth in accessing quality Early Childhood Care and Education as well as quality education through child centric approaches through its initiative on education. The approaches were playing way, social-emotional learning, capacity building of school management committees, regular use of pedagogy etc.

Rapid Assessment and Baseline Survey: KARRTABYA tried to know the learning status of children after the pandemic COVID-19. The school survey took place in September 2022 in 10 villages of Thuamul Rampur block; in this process Sikshasandhan supported us. One of the major finding is that during the COVID period online classes by the children was zero.

Problem Tree Analysis: A workshop organised with the PRI members, children, Teachers, Community Religious Leaders and SMC members to know the different issues related to education in a multidimensional way, based on the analysis report the appropriate measures are being taken to resolve the root cause of the problem.

Capacity building of Stakeholders: A series of program organised with PRI members, Teachers, School Management Committees and Officials of line departments especially on the education issues and ways to address in a collectively. The teachers were capacitated on pedagogy as well as child rights. Program organised in 42 villages on importance of education and child rights.

Networking and linkage with Line Department: To develop a convergence module among the entire department to resolve the issues of education and children time to time networking and linkages meeting organised specially with the block level officials.

Learning Centre: KARRTABYA work towards ensuring age appropriate learning outcomes of children between the ages 3 to 14 years.

Staff Training on scientific and standardize learning modules: Staff training on scientific and standardize module learning module was organized at KARRTABYA head office for three days. The module is based on fundamental ideas on language & math that can be address from primary to upper primary.

School and Community Science Programme: to promote scientific temper in the community and enabling the students to learn science through hands on approach and empower the science teachers in better delivering science concepts in the class room, KARRTABYA run mobile science lab in 18 elementary schools of Th. Ramupur block with the support of Sikshasandhan. In this program 1843 students & 18 science teachers covered. It provided a good learning platform for the pupils. Students gained practical knowledge on science along with the theory. The program mostly revolves around fictionalization existing science labs and resources in the school and facilitation of hands on science activity through mobile science labs.

School & Community Science Program

Created awareness to the community on difference between **science and blind belief**, along with this created awareness on issues like Malria, Diarrhoea, use of Sanitary napkin & use of toilet etc

Promoting **learning by doing** among students, students got chance of doing practical of their theoretical science curriculum

Reached **1843 students and 18 science teachers** of 18 upper primary schools of Thuamul Rampur block

LIVELIHOOD

Productivity enhancement is also great challenges through judicious application of chemical, fertilizers and pesticide. Community are using high doses of chemical, fertilizer and pesticide to get more production and of course it is harmful for health & soil. We are promoting exiting technique, technology and judicious application of fertilizers and pesticide. Department of Agriculture and Horticulture is extending their supporting hand for different capacity building programs. Along with this KARRTABYA linked farmers on various agriculture and horticulture related schemes of Government, under taken different Income Generation activities. KARRTABYA has taken some model of sustainable livelihood development program in this year as follows

- **Higher crop productivity and production:** 28 programs on adoption of agriculture technique & technology conducted covering 860 farmers. 114 demonstration site developed to promote improved agriculture practices like trellis, poly mulching, line transplanting, Integrated Pest Management (IPM) etc. 36 training conducted for field functionaries on good agriculture practices where 1120 functionaries from GP & block level participated. 95 farmers gain knowledge on high productivity onion cultivation.
- **557 Integrated Nutrition Pest Management (INPM) kits supplied** to the farmers. As a result, areas cover in paddy cultivation 296 hectors, onion in 44.45 hectors and Potatoes in 3.6 hectors. Average production of onion is 120 qtls per acre based on the crop cutting experiment.
- **Producer's engagement with farmer collectives (FPOs/SHGs/Co-op/PACS):** 7 SHGs collectives capacitated on paddy procurement & pisciculture. "Jai Matadi" SHG of Borguda of Golamunda block & Gopabandhu SHG of Tipiguda of Dharamgarh block shown interest in paddy procurement. The project supported in capacity building as well as supported equipment for procurement. In this year we reached 85 producers where 66.1 lakh produce value have been marketed by the SHGs.
- **Diversification of livelihood portfolios including agri-allied and Non-farm sectors :** 28 programs conducted with SHGs/collectives where 113 collectives have been participated and shown their interest to take the livelihood option, in addition to conducted 5 training with extension workers of OLM for promotion of livelihood option with SHGs/collectives, in where 160 CRPs, MBKs were involved, beside that village level awareness programs conducted with SHGs at 26 village for better promotion of livelihood option as well development of business plan before taking any kind of loan from any financial institution.
- 165 families supported to undertake **goatary business** as their additional source of livelihood.
- 18 **Skill development** training, 10 **financial literacy** and linkage, 9 training on **Income Generation** Activities, organised in this years as result following numbers of families adopted different IGP & off farm activities to enhance their livelihood
 - 182 families started vegetable cultivation
 - 21 families started mushroom cultivation
 - 336 women undertake different IGAs
 - 934 person linked with different social security schemes
 - 105 adolescents' additional income increased by sewing machine shop

CLIMATE CHANGE

Institutional integration of **climate resilience** by Gram Panchayats through systematic planning and adoption: We have conducted 16 GP level training and a stake holder workshop to aware and adopt climate resilience practices. Total of 430 GP level stake holders including PRI members, Forest, Agriculture, Horticulture, Education, Health, WCD Department and Block administration participated.

Created **mass awareness through folk dance-Ghumura and wall paintings** in 16 Gram Panchayats of Dharmagarh, Golamunda & Junagarh blocks on importance of afforestation, plantation, watersheds, water management, ecological restoration, use of solar energy (solar pumps, lighting etc.) and effect of biomass burning and community composting.

Crops water budgeting done in 41 villages of Junagarh, Dharmagarh, Golamunda blocks. Water resource management plan developed by the community and displayed in the community. On the other hands 3 training programs covering 82 stakeholders organised to place this plan in GPDP, as a result 0.61437 Lakh Cubic Meter water harvest structures created at Tipiguda & Trinathpur of Dharmagarh block and Borguda, Putiachura, Nuamunda, Karli of Golamunda block.

KARRTABYA mobilized the farmers to adopt **climate smart agriculture** practices. Sensitize the farmers on selection of short duration variety of seeds, importance of intercropping, application of organic manure like Farm Yard Manure (FYM), Judicious application of fertilizers and pesticide as well more focus on IPM by meeting, training, exposure etc. 23 demonstrations field on climate smart agriculture developed

Capacity building on Climate Smart Agriculture: 3 training for extension cadre/ functionaries of agriculture department conducted, 22 hands on training organised for GP level key functionaries for replication.

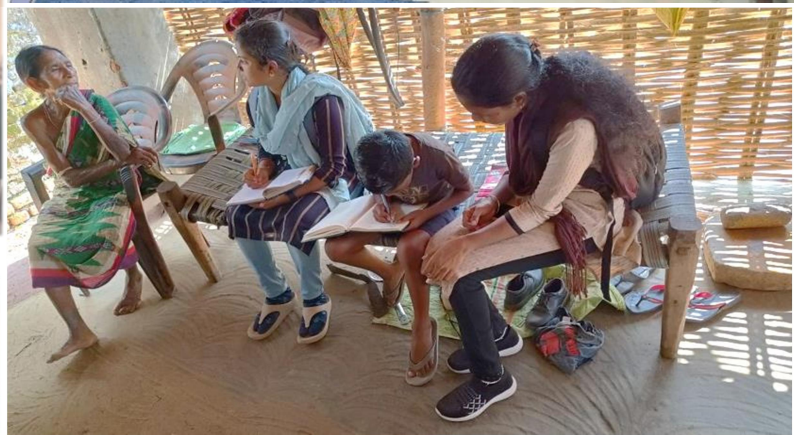

3000 Plant planted in 22 villages during Azadi ka Amrut Mohatsava in Junagarh, Dharmagarh and Golamunda blocks.

CHILD DEVELOPMENT

KARRTABYA formed and strengthen several Community-Based Organizations like Child Club, Village Level Child Protection Committee (VLCPC) and Adolescent Group to ensure a child remains safe and protected in a community. This intervention also entails duty bearers and institutions play a vigilant role in child development. In this year, following were key interventions:

- A study conducted in 57 villages of Th.Rampur block to know the status of children in different aspects.
- 15 child clubs formed and strengthened and about 235 children were involved. The existing child clubs were being oriented about child rights and also participated proactively in different meetings at village level and Panchayat level.
- 80 numbers of no parents / single parent's children of Junagarh & Jaipatna blocks received financial support of INR.1000 per month for their better education, health and nutrition.
- 15 adolescent groups strengthen.
- 67 out of school children re enrolled in schools.
- 42 hold demand campaign organised by the child club members and aware the community on importance of child rights and different issues affecting the children.
- 42 life skills session organised covering 1260 children.
- 15 VLCPC formed and strengthen.
- 2 workshops organised with adolescent and other stakeholders on gender issues & demerits of early marriage.
- Social Emotional Learning (SEL): SEL is a process or learning system that enables children and adults achieve and use competencies in developing healthy identities and resilience. SEL also helps in building empathy and enables children and youth establish supportive relationships and take caring decisions. **5 sensitization sessions** were conducted to instil significance of SEL among **230 parents/caregivers & community adults**. The sessions were conducted through storytelling, game and audio-visual mediums.
- Child Participation: Encouraged and ensured child participation in different forums. Children participated in SMC meeting, participated in Gram Sabha & Pallasabha and given demand charter to the officials and elected PRI members. Besides this to provide a platform for the children KARRTABYA organised SHISUMELA at Kaniguma of Th.Rampur block. Mr.Pradeep Disari (Honourable MLA Lanjigarh), Mr.Dayanidhi Majhi (Block Chairman) along with other dignitaries was part of the event and encouraged to the children. More than 250 children got platform to show their talents, skills and knowledge through different activities and it was a happy moment for the children.
